Our accounting firm, conveniently located in the heart of the West Island of Montreal, provides tax planning, financial accounting and financial planning services to small and medium-sized businesses.

As a business-owner, you know your business inside-out, but when it comes to tax reduction opportunities or tax traps you are undoubtedly looking for the appropriate advice. Let us help you meet your accounting and tax compliance requirements, organize and analyze your financial data and prepare financial and tax plans tailored to your benefit and objectives.

We help our clients do the compliance work, but our real objective is to help our clients be successful in their business endeavors. We'd love to show you how.
