Zangsti Rd, Near Marathon office

Namza dining is based on the concept of sustainable agriculture with a private kitchen garden in the cafe yard. Our menu is a tribute to the long forgotten tradition of preparing a hearty feast for the weary silk route travellers.

Based on the concept of reviving the lost cuisines of Ladakh, Namza dining started out in 2016. With this vision, we offer extensive hand-crafted dishes of Ladakh as well as those dishes which has made its way through the ancient silk route.
