Our factory is a professional production of [aluminum outdoor wall lamp](#) and indoor and outdoor lighting manufacturers. Locate in distance "lights town" only 3 minutes drive from the lotus pond industry. Since the beginning of establishment, our factory adheres to the business purpose always with "quality first, innovation second and continuous sustainable development". Our products are exported to Southeast Asia, Europe, the Middle East and Oceania, etc.

Our professional strengths are to keep our products fine but not miscellaneous.

In order to maximize customer satisfaction, our factory adheres to our consistent purposes with satisfactory price, high quality and punctual delivery.

In the second decade of the 21st century, the market competition has developed to white-hot. "Energy saving and environmental protection" are still the core of the development of light products in the future. We all colleague with all customers together will grasp the market trend and develop together!
