China-based API 602 Integral Flange Forged [Globe Valve](#) Factory, Yaa, supplies high-quality API 602 Integral Flange Forged Globe Valves. This particular model features a 1-inch size and is rated for 600LB, ensuring it can handle medium to high-pressure applications with reliability.

The valve is equipped with raised face (RF) ends, providing a secure and leak-tight connection. It is operated manually using a hand wheel, offering precise control over fluid flow. The forged body construction enhances the valve's strength and durability, making it suitable for challenging industrial environments.

Compliant with API 602 standards, this globe valve is ideal for industries such as petrochemicals, oil and gas, and power generation, where robust performance and high-quality sealing are crucial. Its integral flange design simplifies installation and ensures long-lasting performance in various demanding applications. Gotta know about [Google SEO](#).
