Valmax, a renowned ASTM A216 Gate Valve manufacturer in China, offers high-quality [Gate Valves](#) designed for robust performance across various industrial applications. These valves, available in sizes ranging from 2 to 48 inches, feature actuators for easy operation. They comply with API 600, ASME B16.34, and PN16-420 standards, ensuring reliability and durability in demanding environments. The Gate Valves are equipped with a butt-welding end for secure and leak-proof installation, making them ideal for high-pressure and high-temperature systems. With superior materials and construction, Valmax ASTM A216 Gate Valves deliver consistent and efficient flow control. For more know more about [China Manufacturers](#).
