The Indolift steel wire rope is a robust and high-performance lifting solution, meticulously crafted to deliver strength, flexibility, and durability in the most demanding industrial environments. Made from premium-grade carbon or alloy steel wires, this rope is designed for long service life and high load-bearing efficiency.

Features:

- **High-Tensile Strength:** Constructed with precision-drawn steel wires for superior load handling and break resistance
 - **Flexible Design:** Available in multiple constructions (e.g., 6x19, 6x37, 7x19) to suit specific lifting, rigging, and hoisting needs
-

- Corrosion Protection: Optional galvanized or PVC-coated finishes for increased resistance to moisture, abrasion, and rust
- Standard Compliant: Manufactured as per IS specifications and international quality standards
