Level 3 DC Fast Charger_8

This [DC Fast EV charger](#) is with compact and fluent outlook,
also the strong structure,
this design is mainly for commercial charging station operator,
and have been operated more than 10 countries overseas,
no mater working with the local management system
or with Jsowell self-own management system based on OCPP1.6 or OCPP2.0,
it performs very well. With the help of this DC charger,
the overseas charging station operato
can easily manage multi-charging station and daily orders of EV Charging.

Model: DC Fast Charger

Rated power range: 60KW/80KW/120KW/160KW/180KW/200KW/240KW

Input voltage: 3 phase 380V \pm 15%

Connector type: GB/T,SAE J1772, IEC 62196

User interface:7 inches LCD touching screen

Output voltage: 50–1000V

Output current:0-250A

Charging gun cable length:5 meters

Payment type: RFID Card/QR code

Working temperature:-25—+50

Mounting type: Floor-standing

Protection grade: IP54

Impact resistance: IK10

Dimension: 62cm*65cm*1650cm

Management system: OEM Application or Jsowell Application.
