Nine months: From involution to evolution is about a group of friends who get together from different parts of the world to try and find answers for questions that have been left unanswered for a long time. Intense discussions were held for over nine months which brought forth the age-old wisdom, mixed with scientific ingredients and garnished with the practicality of modern times. This kaleidoscope of thoughts evolves into a perfect cocktail of scientific spiritualism. This book is for all the 'dreamers' and 'seekers' of this world. You are not alone in this journey.
