DIGITAL TEACHER is Standalone and self-learning modern Language Lab: (No teacher or Facilitator is required to guide student)

Inception of Digital Teacher Language Lab:

Currently few language labs are available in open market but, unfortunately they are from UK or US based language labs. They are not ideal for Indian students context. The installation and usage mechanism is very lengthy and complicated. Other language Labs need facilitator or Admin or Instructor to guide or start course.

After discussing with 1000 + Principals and lab faculty, we learn that institutes want an Easy to use Software and student can learn on his own. No Teacher or Administrator is required to launch the course.

In this context, in 2014, we have come up with Digital teacher English Language lab which does not teacher to assist or guide. Its self-explanatory and very easy to navigate interface.

Since 2014, we have installed in more than 3000 institutions successfully.
